OLD FOLKS FIND NEW REMEDY RELIEVES ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away, Relieves Backache and Bladder Disorders After A Few Doses Are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life. The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally refund the purchase price if Croxone should fail in a single case.
